Invitation

Dear Colleagues,

It gives us great pleasure to cordially invite to participate in the Two Day National Level Conference On ‘**INNOVATION & SUSTAINABLE DEVELOPMENT MADE BY CHEMISTRY IN 21 CENTURY**’ to be held on **7th&8th January 2019**. We would like to Welcome you in our College for the Conference.

ABOUT THE COLLEGE:

Our College, Hutatma Rajguru Mahavidyalaya, is named after a great martyr and revolutionary, Shivram Hari Rajguru. H.R. Mahavidyalaya was established in 1977 by K.T.S.P.Mandals. Provide basic and qualitative education to all students in Khed Taluka to promote their talent. K.T.S.P.Mandal and its Directors have been working relentlessly since the foundation of the college. This Mandal plays a vital and significant role to run the activities successfully. Education is imparted for students from Arts, Commerce, Science faculties at graduation level. M.A (Marathi, English Economics, Politics), M.Com, M.Sc.(Organic Chemistry), are also the courses available in college. The courses like BCA, BCS are also available in college. Most of the students of college achieved milestones by securing ranks in Savitribai Phule’s Pune University. The college has been focusing on research, cultural and sport activities.

ABOUT THE DEPARTMENT:

The department is one of the active departments in the college. The department started M.Sc. (Organic Chemistry) from year 2007-08. The department has well equipped well furnished, spacious laboratories. Most of our students have shown better performance. After passing from the college, they are in teaching, administrative, research fields and in industry also. Many faculty members and students from this department have presented their research papers in state, national and international level conferences and published research papers in reputed journals.

ABOUT THE CONFERENCE:

Innovation is key to sustainable development. Sustainable chemistry as a cross cutting & interdisciplinary concept is one major driving force for innovation & provide new intelligent solution paired benefits. Sustainable chemistry is the single largest opportunity to move entire supply chain towards circular economy model avoiding waste & making better use of natural resources. It is strongly interlinked to broad range of topic including among other renewable energy climate change sustainable cities health care agriculture building & living.

Chemistry is crucial to finding sustainable solution to far reaching challenges including energy provision, environmental protection, food and water safety, global healthcare. Sustainable chemistry is scientific concept seeks to improve the efficiency with which natural resources are used to meet human needs for chemical product and services. Sustainable chemistry encompasses the design, manufacture and use of efficient effective, safe and more environmentally benign chemical product and processes. Sustainable chemistry is also a process that stimulates innovation across all sectors to design and discover new chemicals.

Scope of the conference

In this conference we covered Innovation & Sustainable development made by chemistry in 2000 to 2018 in the area of Medicine, Agriculture, Material Science Chemical Synthesis and Green Chemistry, Natural Product Nanotechnology, Environmental Chemistry Theoretical Chemistry, Analytical Chemistry, Physical Chemistry, Inorganic Chemistry, Organic Synthesis, Catalysis.

The environmental and societal benefits of sustainable chemistry are avoiding the use of persistent, bioaccumulative, toxic and otherwise hazardous material. Using renewable resources and decreasing consumption of non-renewable resources.

Places of Tourist Interest

Rajgurunagar is blessed by great Hutatama Shivram Hari Rajguru during the historical period. The holy places from Rajgurunagar--- Rajguruwada (1km) Bhimashankar—(67km) Shivneri fort—(52km) Lenyadri (55km) Shirdi (145km) Lonavala(74) Sinhagad(89km)Lavasa City(85km)

CALL FOR ABSTRACT-

Abstract are invited for the Oral/Poster Presentation and for publication in the form of Souvenir with ISBN number. Abstract should not exceed more than 250 words and must be written in Times New Roman (font size 12). The name of presenting author should be underlined and sent your abstract at isdmc21c@gmail.com.

The full length paper should be published in peer-Reviewed UGC listed Journal Current pharma Research (Sr.No.175, Journal No.45220, and ISSN No.22307842). For full length paper publication extra Rs.600/-should be paid in advance with registration fee. The Full length paper should be according to the author guidelines of this journal which available website at <http://www.jcpronline.in> and should be submitted on the email id. isdmc21c@gmail.com; editor.jcpr@gmail.com. The acceptance will be communicated to the corresponding author up to 3rd January, 2019.

Important Date

Last Date for submission of Abstract	28 th Dec 2018
Notification of Acceptance of Abstract	4 th Jan 2019
Last Date for submission of full length paper	31 st Dec 2018
Last Date for Registration	3 rd Jan 2019

Registration Fees:-

Industry Professionals	: Rs 1200
Academician	: Rs 1000

Research Scholars : Rs 800
Post Graduate Students : Rs 500
Under Graduate Students : Rs300

The registration fees should be deposited by RTGS/NEFT in favour of Principal, Hutatma Rajguru Mahavidyalaya ,Rajgurunagar.
